

Worldview Rethink BASIC TOOLBOX

Visual aids are very helpful in communicating biblical truth. We find many visual aids in the Scriptures that help explain the person and work of Jesus Christ. The Worldview Rethink curriculum has three levels of three-dimensional visual aids which help increase comprehension and retention.

The Basic ToolBox provides 28 full-colour, die-cut laminated cardboard visual aids. When assembled, they become 3D teaching tools that enhance the course. The visual aids can be assembled and disassembled as needed, and packed for easy storage and transportation.

Appropriate for these audiences:

All ages. They are particularly helpful for those who know little about the Bible or are visual learners.
