

Worldview Rethink INTERMEDIATE TOOLBOX

Visual aids are very helpful in communicating biblical truth. We find many visual aids in the Scriptures that help explain the person and work of Jesus Christ. The *Worldview Rethink* course has three levels of three-dimensional visual aids which help increase comprehension and retention.

The 13 visual aids found in the Intermediate ToolBox take *The Course* to a whole new level, both for the leader and the student. These 3D visuals work in concert with both the Basic and Advanced ToolBoxes. They have a way of engaging the student like little else can.

Appropriate for these audiences:

All ages. They are particularly helpful for those who know little about the Bible or are visual learners.
